

Bribery Act (2010) policy

Acuity requires that all staff, including those permanently employed, our associates or those in partner agencies act honestly and with integrity at all times and to safeguard the company's resources for which they are responsible. In particular our procedures stipulate that it is unacceptable to:

- Give, promise to give, or offer a payment or gift with the expectation or hope that a business advantage will be received
- Give, promise to give, or offer a payment or gift to a national or local government official, agent or representative to "facilitate" or expedite a routine procedure
- Accept payment from a third party that is offered with the expectation that it will obtain a business advantage for them
- Engage in activity in breach of this policy
